For everything there is a season, and a time for every matter under heaven:

a time to be born, and a time to die;

a time to plant, and a time to pluck up what is planted;

a time to kill, and a time to heal;

a time to break down, and a time to build up;

a time to weep, and a time to laugh;

a time to mourn, and a time to dance;

a time to cast away stones, and a time to gather stones together;

a time to embrace, and a time to refrain from embracing;

a time to seek, and a time to lose;

a time to keep, and a time to cast away;

a time to rend, and a time to sew;

a time to keep silent, and a time to speak;

a time to love, and a time to hate;

a time for war, and a time for peace.

Ecclesiastes 3:1-9

We have chosen this passage because it best expresses the way we feel. Until now we have been unaware that we would never be able to relive the experiences of the past few years; we have been unaware of how quickly time passes.

Now, as graduation approaches, we begin to realize what those short years have held for us. We now realize that we, members of a brief section of time, must strive to capture each fleeting moment - to live it fully and to cherish it as a warm memory.

There are numerous occurrences in our school life, private ones and those shared by many. It is our purpose in this book to represent a sampling of these memorable moments, and thus stop and recall a short period of time for each to remember.

Every Season Has a Time

A Time to Begin

A Time to End

A Time to Learn

A Time to Work

A Time to Play

that each man has certain rights that government cannot ignore or take away. These great principles of freedom were proclaimed in such historic English documents as the Magna Carta in 1215, the Petition of Right in 1628, and the Bill of Rights and the

Act of Toleration of 1689. The English people's representative government, a third finally imposed by the right to taxation in England, was sent to representatives in the colonies. For instance, there had been no taxation in England the

National Honor Society

The foremost desire of every student while in school is to belong to the National Honor Society. It has built up an excellent reputation over the years through its diligent and thorough work. The above students, as are all NHS members, were chosen on the basis of their character, their service to their school and to their community, their leadership, and their scholarship.

HEAD COACH - Ralph Cummins

The 1964 Green Wave football team was handicapped by their lack of size and experience and was therefore predicted to finish in sixth place in a field of ten teams in the tough Lonesome Pine Conference. However, the Green Wave, through hard work and sheer determination, developed a fine offense and a surprisingly rugged defense. The Wave used a hard running backfield, coupled with a newly found passing attack, to blitz its opponents throughout the season. Clintwood ended the season with a hard earned and well-deserved victory over Alleghany, giving them an 8-2 record overall, good enough for a third place finish.

COACH - Mr. Kenneth Bailey

Although the year's record was not outstanding, the players did a tremendous job out on the court and represented our school, our spirit, and our capabilities in an appropriate manner. Lack of height proved to be a big handicap when the Green Wave faced its taller, more experienced opponents. The Green Wave made up for it with the good spirit, hustle, and fine sportsmanship that is always a characteristic of Clintwood High School. Next year's team will be without the benefits and services of Larry Clay, Danny Crabtree, Bobby Meade, Hiram Standifur, Robert Stanley, and Buddy Wallen, all graduating with the class of 1965. In spite of losing these players, everyone is confident that the team of 65-66 will carry on in the fine tradition of Clintwood High basketball and be a winner.

COACH - Mr. Kenneth Smith

The Clintwood Green Wave track team had a fine record in 1965. They finished the season with a 5-3 record overall. The highlight of our track season was our trouncing of perennially strong Grundy. Wayne Delaney broke the mile run record with Clintwood's first five minute mile. Since Wayne was only a freshman, even greater things are expected of him next year when he, along with the majority of our trackmen, returns to try to better last year's record.

Opportunities Like
Edison had are

WAITING FOR YOU

The inventions of Thomas Edison have affected the lives of people everywhere. They have created entire industries — ours, for example.

Under America's Free Enterprise system, inventive people like Edison can expect special compensations — profit, honor and satisfaction.

The hope of attaining such rewards has been one of our nation's greatest incentives to progress. It is a goal that prods imaginative minds in their quests for new products and methods.

Not everyone can be a Thomas Edison. However, every trained, dedicated graduate can anticipate a full measure of our society's rewards. All it takes is a willingness to work harder and contribute more.
